

CONTENTS OF VOLUME 35

	PAGE
APRIL, 1928. NUMBER 4	
Chemical Changes Occurring in the Body as the Result of Certain Diseases: I. The Effects of Diarrhea, Vomiting, Dehydration and Oliguria on the Acid-Base Balance of the Plasma of Infants with Mastoiditis. Alexis F. Hartmann, M.D., with the Technical Assistance of Marie Morton, St. Louis.....	557
Mineral Metabolism on a High Mineral Diet. A. T. Shohl, M.D.; A. M. Wakeman, M.D., and E. Y. Shorr, M.D., New Haven, Conn.....	576
The Influence of Feeding on Certain Acids in the Feces of Infants: I. A Comparison of the Effects of Breast Milk and Modified Cow's Milk on the Excretion of Volatile Acids. Jesse R. Gerstley, M.D.; Chi Che Wang, Ph.D.; Ruth E. Boyden, M.S., and Agnes A. Wood, B.S., Chicago	580
The Infrequency of Severe Rickets in New Orleans and Vicinity: An Attempt to Correlate Some of the Responsible Factors. C. T. Williams, M.D., New Orleans .....	590
Studies in Scarlet Fever: V. Skin Blanching by Commercial Antitoxins. John A. Toomey, M.D., Cleveland.....	607
The Respiratory Metabolism in Infancy and in Childhood: VIII. The Respiratory Exchange in Marasmus; Basal Metabolism. Samuel Z. Levine, M.D.; James R. Wilson, M.D., and Gertrude Gottschall, A.B., New York .....	615
Case Reports:	
Pericarditis as a Primary Clinical Manifestation of Tuberculosis in Childhood. Maurice L. Blatt, M.D., and Joseph Greengard, M.D., Chicago .....	631
Chylangioma of Mesentery in a Child. Lawrence T. Royster, M.D., University, Va. ....	637
Congenital Nonrotation of the Stomach with Eventration. Harry M. Greenwald, M.D., and Julius Kaufman, M.D., Brooklyn.....	641
PROGRESS IN PEDIATRICS:	
Epilepsy in Children. Hugh T. Patrick, M.D., Chicago.....	653
PEDIATRIC BIOGRAPHIES:	
Cornelius Roelans. John Ruhräh, Baltimore.....	659
News and Comment.....	663
ABSTRACTS FROM CURRENT LITERATURE.....	664
SOCIETY TRANSACTIONS:	
Central States Pediatric Society.....	720
BOOK REVIEWS .....	746
DIRECTORY OF PEDIATRIC SOCIETIES.....	749
MAY, 1928. NUMBER 5	
Growth Studies of Children with Diabetes Mellitus. Julian D. Boyd, M.D., and Martha V. Nelson, M.S., Iowa City.....	753
Scarlet Fever. Jean V. Cooke, M.D., St. Louis:	
II. The Development of Toxin Sensitivity of the Skin in Infants and Its Relation to the Presence of Antitoxin in the Blood.....	762
III. Modification of Skin Sensitivity to Toxin as a Result of Non- scarlatinal Infections .....	772
IV. Toxin Production by Hemolytic Streptococci from Nonscarlatinal Infections in Infants .....	781
V. The Changes in Skin Sensitivity to Scarlatinal Streptococcus Filtrate in Children Following the Introduction of Homologous Serums....	784
Studies on the Hearts of Normal Children: II. Roentgen-Ray Studies. Edith M. Lincoln, M.D., and Ramsay Spillman, M.D., New York.....	791
Vitamin Requirements of Nursing Young: II. The Production of Beriberi in the Nursing Young (Mus Norvegicus Albinus) Associated with Hemorrhages. Barnett Sure, Ph.D., and B. J. Schilling, D.V.N., M.S., Fayetteville, Ark. ....	811
Rheumatic Nodules: Their Incidence in Rheumatic Infections. Katharine Merritt, M.D., New York.....	823
Roentgenographic Changes in the Thorax of Normal New-Born Babies: A Daily Roentgenographic Study of Twenty-Five Normal Babies During the First Fourteen Days of Life. Charles A. Weymuller, M.D.; A. L. L. Bell, M.D., and Lambert Krahulik, M.D., Brooklyn.....	837
Metabolism of Undernourished Children: IV.: Calcium Metabolism. Chi Che Wang, Ph.D.; Mildred Kaucher, B.S., and Margaret Frank, B.S., Chicago .....	856
